Consider your coordinates an added luxury to Christophe Harbour's elegant homes, amenities and superyacht marina and village. In addition to an array of direct flights from major international cities to St. Kitts' Robert L. Bradshaw airport, the new YU Lounge private terminal offers VIP services to private aircraft arrivals and commercial passengers.

Think of it as your gateway to the Caribbean where private air charters or an afternoon sail to surrounding islands make diving in Saba, lunch in Anguilla, and shopping in St. Barths a convenient excursion.

PREEMINENT HOMEPORT

Protected entrance, safe inner harbour, and an ideal location in the heart of the popular Eastern Caribbean charter and cruising grounds make Christophe Harbour a prime destination marina. Built by a superyacht owner and operated by superyacht captains, the marina is designed with the discerning owner, captain and crew of the world's finest vessels in mind. The emerging marina village of restaurants, shops and boutique accommodations offer luxurious alternatives to life on the water.

Open yourself to days of endless seas, sand and skies.

The pink and blue ribbons of sunrise.

Follow the sun's move toward the horizon – golden, blood orange, crimson.

LISTEN TO THE PALM FRONDS' SONG.

Wait for each star – a white pinprick in midnight blue – to appear.

Call this home.

TAILOR-MADE EXPERIENCES

Follow neither path nor rules. Instead, explore everything around – and within – you.

Hike and bike unspoiled landscapes. Travel through time at historic ruins. Dive to new, blue depths and devour just-caught seafood poolside at The Pavilion beach club. Indulge at the emerging Park Hyatt St. Kitts spa and dominate the greens of the upcoming Tom Fazio golf course. Reach into rainforests and savor the sunset at SALT Plage.

Forget what you've known. Start again. Here.

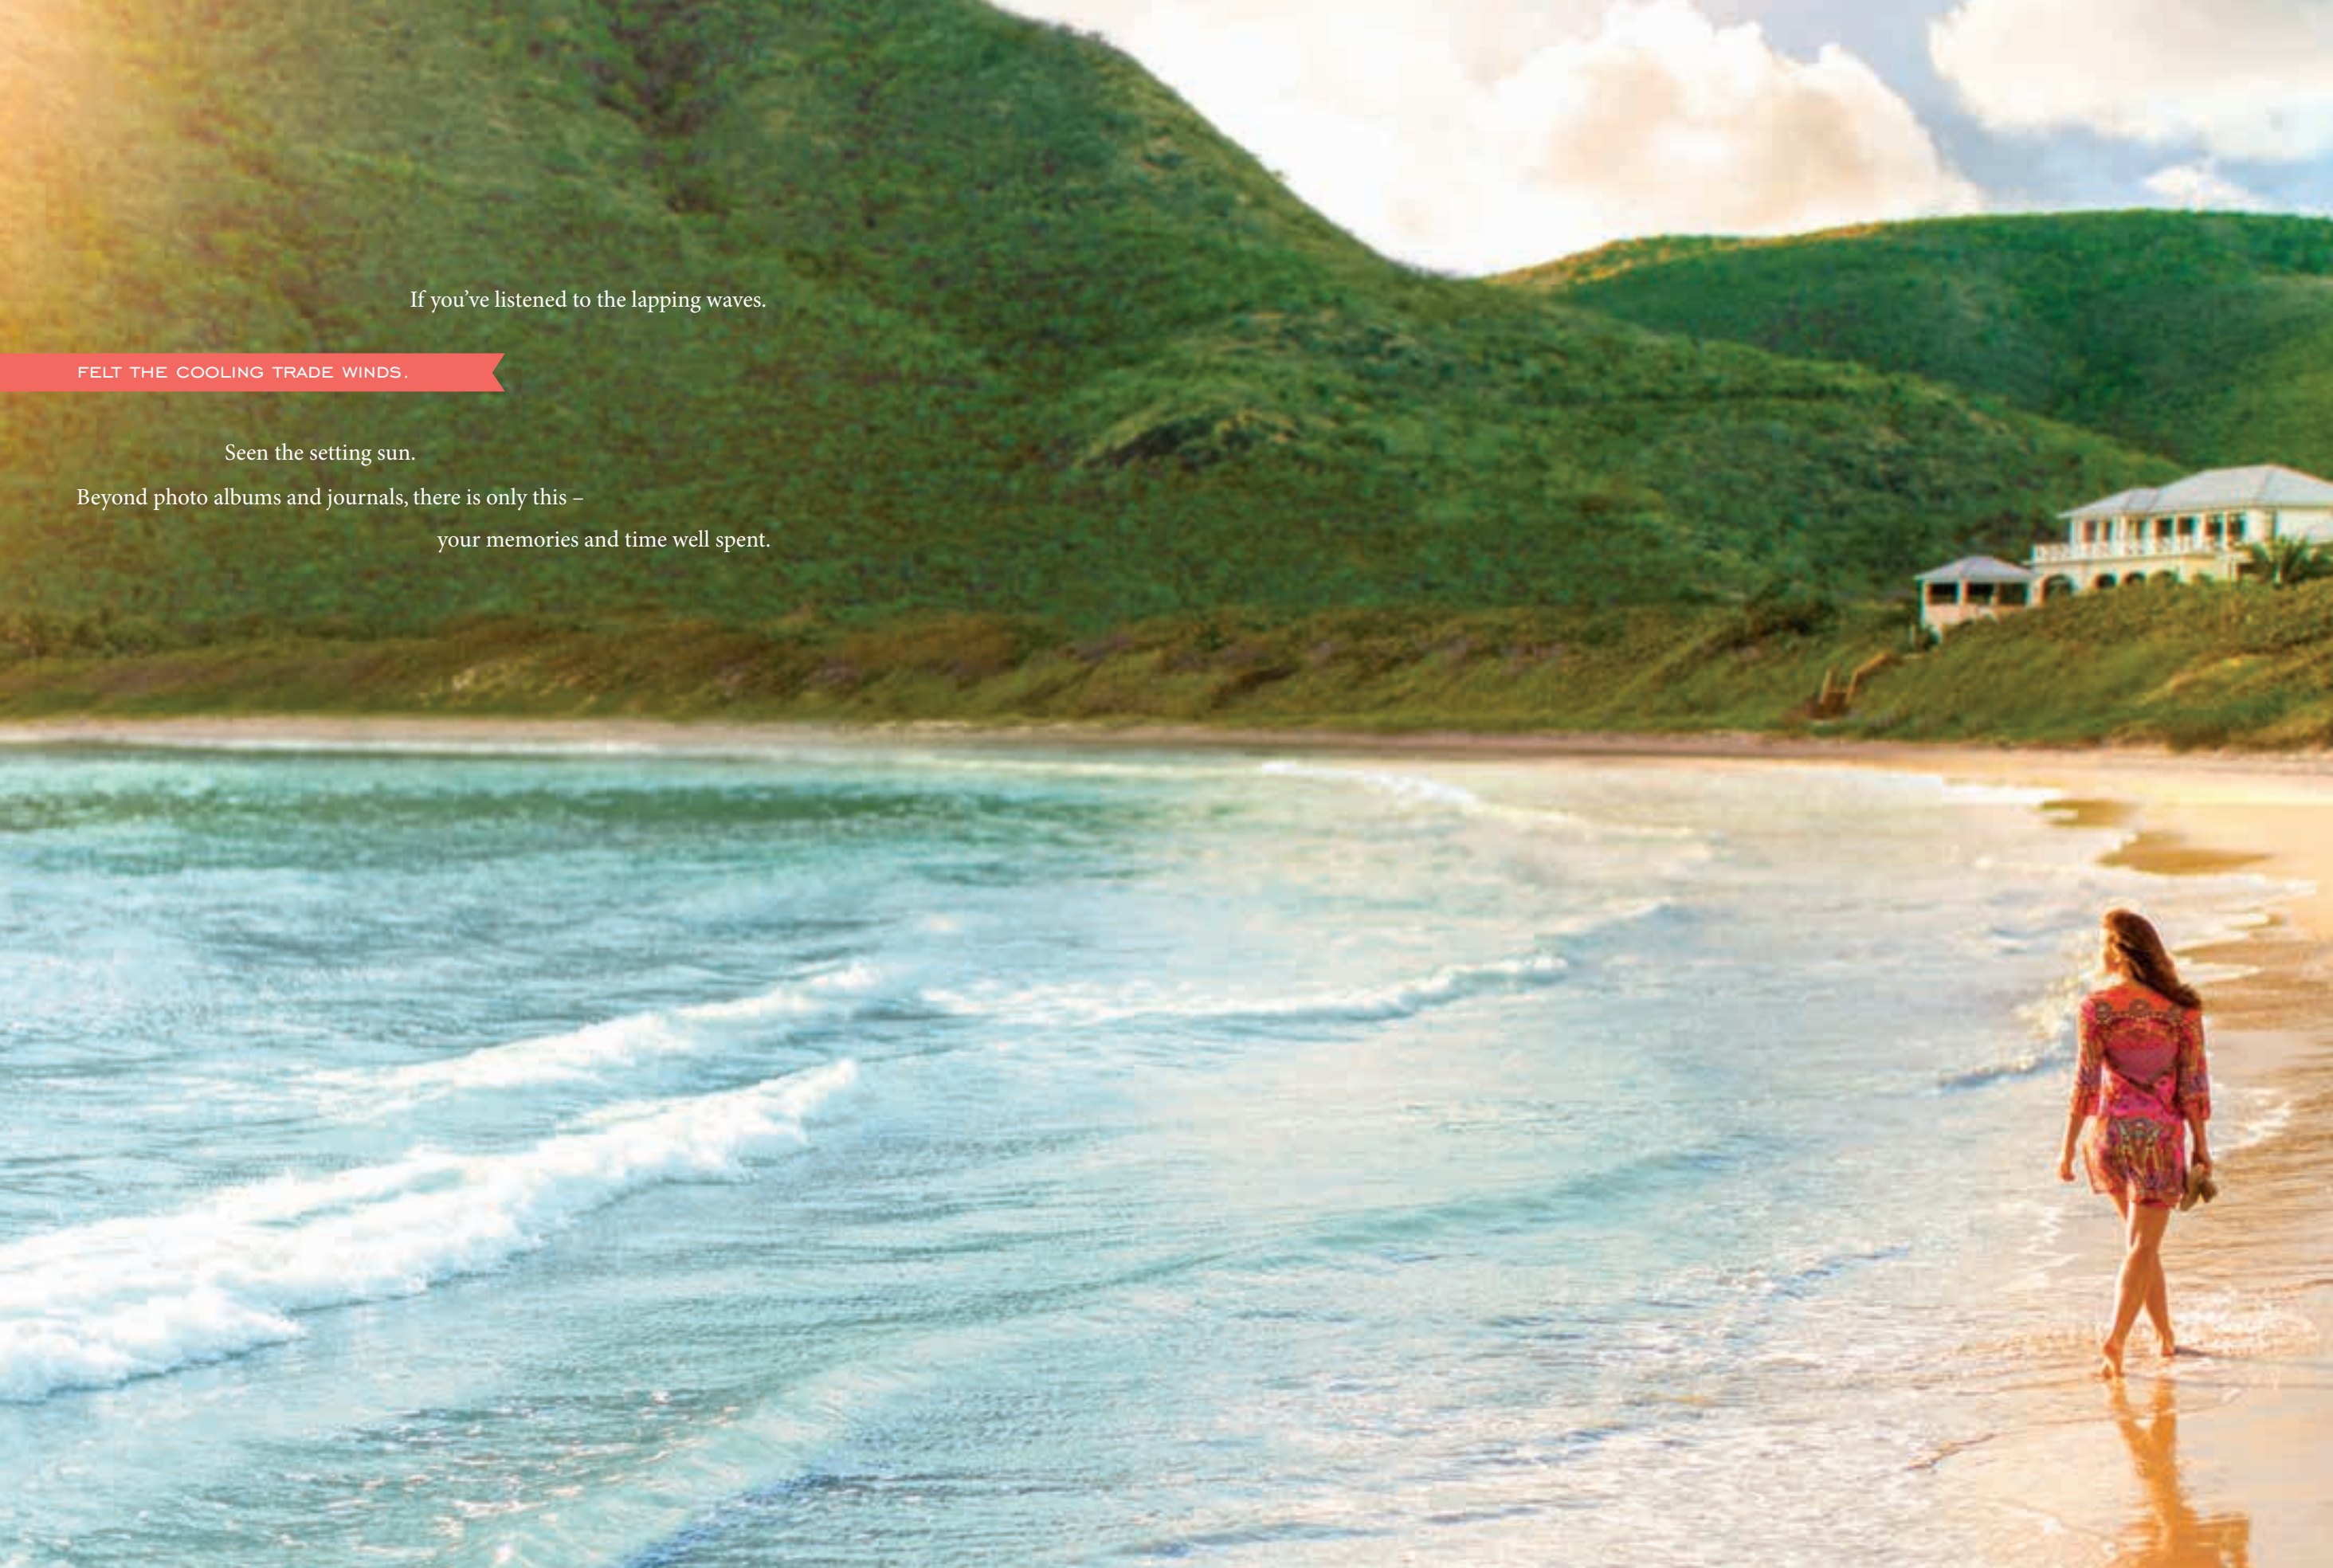

If you've listened to the lapping waves.

FELT THE COOLING TRADE WINDS.

Seen the setting sun.

Beyond photo albums and journals, there is only this –

your memories and time well spent.

SAFE HAVEN

Care and hospitality delivered by those who spent a lifetime perfecting it. The opportunity to connect to nature, beauty, history, people and culture as a daily practice. The chance to invest in a fulfilling lifestyle with citizenship - a safe haven for you, your family, and generations to come. This is home as you've never known it, but have always felt it.

NEW BEGINNINGS

Here, home and luxury are ever-evolving. As the luxe Park Hyatt St. Kitts rises. As the Fazio-designed golf course blooms along lush hillsides. As the Customs House and marina village define Christophe Harbour to the West Indies, and possibly to the world. Every moment is an opportunity to become something greater, a community that's ever more connected, comfortable, and familiar.
