## THE MARINA

Berth ownership at Christophe Harbour means freehold title. Nowhere else in the Caribbean is an opportunity for true ownership available—making this a legacy purchase for you and your family. Unlike the traditional leasehold models, Christophe Harbour has broken the mold, offering a specific berth in perpetuity. As the sole owner, you may lease your property whenever you choose, for long-term value unique to Christophe Harbour. And when your travels take you away from your homeport, the experienced Christophe Harbour staff will manage your berth until you return. All berths available for purchase include eligibility for Citizenship by Investment and membership in the Christophe Harbour Club.
